#### Central Montana Communications

This accompanying statement explains how Central Montana Communications' operating procedures ensure that the company is in compliance with the rules governing CPNI as found in Subpart U – Customer Proprietary Network Information – Part 64 of Title 47 of the Code of Federal Regulations.

Central Montana Communications adheres to all CPNI rules as stated in section 64.2001 – 64.2011 concerning the proper use of our customer's CPNI. Specifically, our notice for use of CPNI approval process meets all requirements as listed in Section 64.2008. To further protect our customer's privacy, we have implemented all safeguards required in Section 64.2009. This includes:

	The implementation of a system by which the status of a customer's CPNI
	approval can be clearly established prior to the use of CPNI;
	The training of appropriate personnel as to when they are, and are not, authorized
	to use CPNI and the documentation of this training;
	The implementation of an express disciplinary process for CPNI violations up to
	and including termination;
	The maintenance of a record, for at least one year, of our own, and our affiliates'
	sales and marketing campaigns;
	The establishment of a supervisory review process regarding carrier compliance
	with the federal CPNI rules for outbound marketing situations; and
	The establishment of annual certification by a corporate officer with personal
	knowledge of Central Montana Communications' policies and procedures to ensure
	compliance with the federal CPNI rules.
	The establishment of procedures for notification of the Commission of any
	instance where opt-out mechanisms, do not work properly, to such a degree that
	consumers' inability to opt-out is more than an anomaly.

Central Montana Communications has on file with the FCC its CPNI Manual, without the sample Forms, as further detailed explanation of how its procedures ensure that it is in compliance with the rules in Subpart U of Part 64, of Title 47 of the Code of Federal Regulations.
